ARTISAN OF SOUND

SONETTO V Series

\$26,499

Including Installation (U.P. \$31,649)

5.2.4

DOLBY ATMOS®

We designed this Sonus Faber Home Theater System for those who refuse to compromise on their cinematic experience, period. With the Sonetto V floor-standing speakers for the front channels, Sonetto Center II center-channel, Sonetto II bookshelf speakers for the rear channels, four PC 662 in-ceiling speakers for the ATMOS channels and not one but TWO Gravis II sub-woofers, this system is ready to take on any challenge you throw at it. Family movie-nights are going to be the new highlight of your week!

5. Left and right surround speakers
6. Left and right top front overhead speakers
7. Left and right top rear overhead speakers

Dolby Atmos speaker setups: What do these numbers mean?

When shopping for Dolby Atmos home theater components, you'll see a new way of describing speaker configurations.

5.2.4

This refers to the number of traditional surround speakers (front, center, surround, etc.)

This number refers to how many powered subwoofers you can connect to your receiver.

This refers to how many overhead or Dolby Atmos enabled speakers you can use in your Dolby Atmos capable setup.
